

Akshay Pradeep
Advisory Board
Fundraising & Events

Throughout Akshay's high school career he was on the CC4C Junior Board and helped mentor the Teen Advocate program. When he turned 16, he became the first teen VIP Advocate and raised over \$11,000 for CC4C children. He mentored his CC4C Champion Child through COVID, helping him with interactions with others online because he couldn't have external contact. CC4C has impacted him through his childhood, and he is excited to continue working with CC4C in college and the rest of his life.
